Professional Summary

Computer Engineering undergraduate with hands-on experience in web development and software projects. Proficient in JavaScript, React, Node.js, MongoDB, and modern web technologies. Experienced in building practical applications and conducting technical sessions. Seeking opportunities to contribute to impactful software development projects.

Technical Skills

Languages: C, C++, Java, Python, JavaScript, C#

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman

Concepts: OOP, Data Structures, DBMS, Web Development

Professional Experience

Web Developer — SOFTSPERA (Internship)

Aug 2026 – Oct 2026

Sangli, Maharashtra, India

- I gained practical experience in developing full-stack web applications using MongoDB, Express.js, React.js, and Node.js. During the internship, I worked on building responsive user interfaces, integrating APIs, and managing databases.

Projects

JUSTIN Personal AI Assistant

- Multi-modal AI Assistant & Desktop OS Ecosystem featuring voice speech recognition, OpenCV face biometric security, Spotlight app launcher, and Windows system automation.

Statistical Analysis of Voting

- Comprehensive statistical analysis of voting behavior in India, including trends, patterns, and policy implications.
- Conducted a primary survey using Google Forms to analyze voting behavior and participation.
- Analyzed survey results to identify voting trends, patterns, and policy implications.

Education

B. Sc. Computer Science (Entire) BCS

2024 – 2027

Willingdon College Sangli

CGPA: 8.45

Final Year Project:
